

David Kim

Seattle, WA | david.kim@webdev.net | +1 (206) 555-0188 | github.com/davidkim-ui

PROFILE

Junior Frontend Developer with 1.5 years of experience building clean, responsive user interfaces using React, JavaScript, HTML, and CSS. Passionate about UI/UX and web performance.

TECHNICAL SKILLS

Frontend: React, JavaScript, HTML5, CSS3, Tailwind CSS

Tools: Git, GitHub, VS Code, Figma, Webpack

Familiarity: Node.js, Express, REST APIs

EXPERIENCE

Junior Web Developer | PixelCraft Media (2023 - Present)

- Created responsive landing pages and dashboard components using React and Tailwind CSS.
- Collaborated with UI/UX designers to translate Figma prototypes into pixel-perfect components.
- Maintained code repositories using Git and GitHub.

EDUCATION

Bachelor of Arts (B.A.) in Digital Arts and Media - University of Washington (2023)

PROJECTS

React-Task-Dashboard: Kanban task board with drag-and-drop support (React, Tailwind).

Weather-Widget-App: Dynamic weather lookup using OpenWeather API.
